School Liaison Officer

Block Leave / extended absences

Parents must inform the schools as early as possible when a child will be absent from school for an extended period of time so teachers can provide assignments accordingly.

Deployment Specific Absences

Absences directly related to the deployment are considered excused absences. This includes Block Leave, the day of the actual deployment, R & R, and possible other instances. As always, the schools are open and willing to work with Families as long as there is open dialogue.
